UGC chief hails TN’s focus on skill-based education

‘NEP Will Facilitate Access To High Quality Education’

TIMES NEWS NETWORK

Thanjavur: Tamil Nadu is doing very well in terms of higher education and has been focussing more on skill-based education for students, University Grants Commission (UGC) chairman M Jagadesh Kumar has said. He was speaking to reporters here on Friday after inaugurating the southern zone vice-chancellors’ conference on implementation of National Education Policy 2020 at Sastra University.

“For a long time, Tamil Nadu has been focusing on providing skill-based education to students. Tamil Nadu is the leading state in the country and contributes enormously to the growth of GDP. This is what we would like to do in the rest of the country also. So, NEP 2020 is providing us the road map to make sure that every student who wants to study

IN PRAISE OF TN MODEL: University Grants Commission chairman M Jagadesh Kumar interacting with students of Sastra University

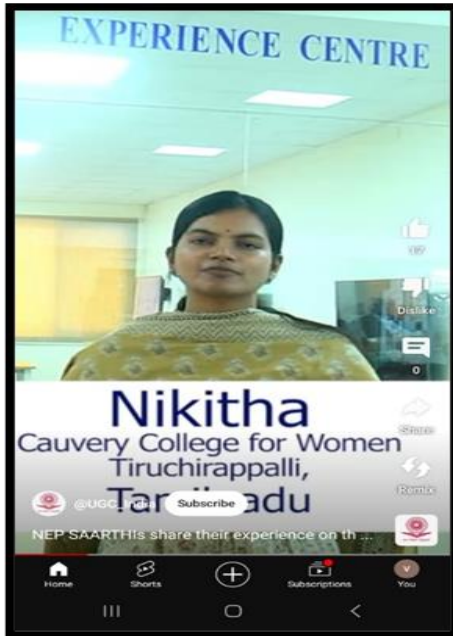

has access to high quality education,” he said. Tamil Nadu has great universities such as Anna and Madras Universities and central institutions like IIT-Madras. The state is industrially advanced because of the human resources available here. At various domains Tamil Nadu is progressing at a rapid rate, he added.

Kumar however said that one cannot be complacent about what we have achieved so far. “There is a greater need to

ensure that high quality education is made available to students coming from all backgrounds, especially those coming from rural background. Because education has become very competitive,” he said. Kumar said we need to focus on achieving excellence so that our educational institutions find a place among the top global universities. “We need to constantly work to improve the quality of education,” the UGC chairman said.

To a question about participation in CUET for central universities, Kumar said the highest number of candidates writing the exam among the five southern states were from Kerala and Tamil Nadu. “The student composition in the central universities is becoming very diverse. CUET provides a level-playing ground for all students across the country,” he said. Asked about autonomy for colleges, he said UGC wishes to provide as much freedom as possible to colleges in terms of designing their own curriculum, examination system and re-

Sastra vice-chancellor S Vaidhyasubramanian, National Council of Vocational Education and Training chairperson Nirmaljeet Singh Kalsi and Central Tribal University of Andhra Pradesh vice-chancellor T V Kattimani spoke.

NEP SAARTHI – **Nikitha**, shared her experience on the interaction with **Prof. M. Jagadesh Kumar, Chairman UGC**

Sarathis - Nikitha K and Harini G along with **Prof. M. Jagadesh Kumar, Chairman UGC** in “Southern Zone Vice-Chancellors’ Conference Implementation of National Education Policy - NEP 2020” at SASTRA Deemed University, Thanjavur on 5th January 2024

**Multidisciplinary / Interdisciplinary Courses**

A total number of 137 Value added courses are offered in order to choose from various multi-disciplinary courses, which mould the students to acquire an overall personality development. This leads to collaborative research on exchange of information, concurrent fieldwork and internship aids to practical learning.

Number of Certificate/ Value-added/ Swayam NPTEL Courses offered during 2019-2024

Academic Bank of Credits (ABC)

- The Institution had implemented Academic Bank of Credits (ABC).
- ABC facilitates the students to change their own learning path with multiple levels of entry and exit. Our institution is registered under ABC and our NAD ID is **NAD017415**.
- ABC ID was created for **4226** students with ABC/APAAR IDs and **17972** student mark sheets have been uploaded in NAD portal.
- ABC Implementation streamlines authentication for admissions or job applications, simplifying the verification of academic records.

Congratulations!

We are glad to inform you that your registration for the Academic Bank of Credits (ABC) has been approved. You are now a step closer to achieving the joint goal of digital transformation in the education domain.

The registration enables you to

- (i) add students's ABC IDs thereby allowing them to check the earned credits in their ABC accounts
- (ii) deposit students earned credits in Academic Credit Bank against their ABC IDs

ABC ID is a 12-digit unique number which is assigned to a student after they create their account at ABC ID is a 12-digit unique number assigned to a student after they create their account through DigiLocker (<https://www.digilocker.gov.in/>).

Please instruct your students to create ABC ID by following these simple steps -

- Download DigiLocker app from Play store/ App store
- Create DigiLocker account
- Login to DigiLocker account and Academic Bank of Credits under Education category
- Create ABC ID

To begin with, we highly recommend you that you collect and create a record of the ABC IDs of your students. Credit points are required to be mentioned against their ABC IDs in zipped CSV file & uploaded in NAD

For better understanding of the system, we are appending the link to the resource documents along with the link to Video Conference (VC) through which we daily interact with Educational Institutions and address their concerns

We thank you for your efforts in supporting the Digital India Initiative.

In case of any clarifications, please feel free to contact us at nad.support@digitalindia.gov.in

With best wishes

Best Wishes,

Team DigiLocker-NAD.

Indian Knowledge System

Students are exposed to India's rich legacy through the incorporation of Indian Knowledge System in the curriculum which has a great impact on cultural enrichment. This exposure cultivates a profound feeling of identity and pride, instilling in students a link to their roots. Students can examine significant values and ethical concepts provided by the curriculum's exploration of ancient books and philosophies. Through active engagement with the country's cultural fabric, students acquire critical thinking skills and expand their comprehension of the philosophical and historical foundations from the society. This cultural enrichment serves as a basis for human development, promoting a well-rounded perspective aiding in the creation of individuals who are not just intellectually gifted but also socially and culturally sensitive.

All the students who are enrolled in the UG programmes have an access to undergo courses in Indian Knowledge System in the curriculum and from the Value -Added Courses. The students can choose disciplines/topics that are part of Indian Knowledge System for their **internship and projects** in the **II and IV** semester of **PG programme** and **IV and VI** semesters of **UG Programme**.

**Courses related to Indian Knowledge System in the Curriculum**

Learning Outcome Based Curriculum Framework (LOCF)

Online and Digital Education

Online Education is becoming a mainstream approach to achieve educational and career goals. Swayam NPTEL offers self-study courses across various streams. Certification courses are offered twice a year (Jan-Jun, Jul-Dec). Our college has established SWAYAM-NPTEL Local Chapter in the year 2018. We encourage our students to enrol any **SWAYAM-NPTEL** courses of their own interest and insist them to get certification from IIT-Madras. Every semester, the mentor of the respective departments is allotted to monitor the progress of the students and motivate them to complete the assignment within the stipulated time. Course developer assigns credits to the course and the same is transferred as an **EXTRA CREDITS** to the students those who have cleared the course successfully. Our students actively participate in 95 courses of SWAYAM NPTEL from 2019 -2024 and earned credits in both UG and PG Programme.

Translator

9 of faculty members were contributed to translate the 20 different MOOCs courses into ‘Tamil’ and one course in ‘Malayalam.

SWAYAM - NPTEL RESULTS - STUDENTS

YEAR/SEMESTER	No. of Students Registered	Topper	Elite + Gold	Elite + Silver	Elite	Successfully Completed	Awards Received from NPTEL
Jan - May 2024	1324	4	24	79	184	405	'A' grade under Top 100 Colleges
July - Dec 2023	1422	10	12	48	187	402	Top 3 LCs from Arts, Science & Commerce (outside top 100)
Jan - May 2023	1766	4	16	39	205	690	Active LC

Jul - Dec 2019	643	-	-	1	75	159	"Best Certified Count Improvement" (outside top 100 LCs)

Soft Skill Training

NPTEL has conducted the following activities as part of the Soft Skills Training for the benefit of candidates from Local Chapters during December 26th to 31st 2022.

This training was offered at free of cost by NPTEL. The training has covered,

1. Online interactive sessions on various aspects of Interview readiness
2. Employability Assessment
3. Online Mock Interview

A total of 31 students from our college participated and got benefitted.

Digital education leverages technology to enhance the learning process. The development in Information and Communication technologies (ICT) supports digital education through computer and network, other technologies which includes, internet, intranet, satellite TV, CDROM, audio and video resources.
