

CRITERION II

STUDENTS ASSESSMENT

Key Indicator - 2.2 Catering to Student Diversity

2.2.1 The institution assesses the learning levels of the students and organizes special Programmes to cater to differential learning needs of the student

**Students Assessment**

Students' knowledge levels are assessed through **Entry Level, Intermediate Level** and **Exit Level** assessment. These levels comprise of Class Test, Unit Test, Group Discussions and Class Room Interactions. Based on these criteria the students are classified as Slow-Learners and Advanced Learners. These students are given extra academic care based on their knowledge level.

Student Assessment is essential for fostering meaningful learning experiences, supporting student growth and improving educational outcomes for all students. Assessments provide valuable insights into students' understanding of the material taught. By evaluating their performance on quizzes, tests, and assignments, staff members gain valuable insights into students' grasp of concepts and their journey toward achieving learning objectives.
