

### **Key Indicator - 2.3 Teaching - Learning Process**

**2.3.1 Student centric methods, such as experiential learning, participative learning and problem-solving methodologies are used for enhancing learning experience and teachers use ICT- enabled tools including online resources for effective teaching and learning process**

#### **Problem Solving - Quiz Club**

The Quiz club of the college organises competitions that challenge the problem-solving ability of the students. The club stimulates the stake holders to use their logical reasoning blended with critical analysis of information and innovative thinking. In its distinctive approach, the club fosters a pursuit of knowledge and provides students with innumerable opportunities. It also facilitates interrogative activities among students and inspires them to participate in various competitive examinations with wisdom and compassion, thereby nurturing them as responsible citizens.

**OUTCOME OF THE EVENT:**  
 We the BOMAC club in association with Quiz club organised the inter-departmental competition "THINK OR SINK" to engage students in mathematics by interest. We conduct 4 rounds in this event. First round is prelims (Agitude test). Through this we shortlisted the teams to play the next three rounds. From consolidating the results of these three rounds, we announce three placements. It was a new experience for us and also to the participants. We and the participants actively participated in this event. Also, we get good feedback from other department as this event was useful to enrich their knowledge.
