NAAC Accreditation III Cycle : A Grade (CGPA 3.41 out of 4) Tiruchirappalli - 620018, Tamil Nadu, India

**CRITERION II** 

# NAAC - Cycle IV SSR

#### ICT AND ASSESSMENT TOOLS

# Key Indicator - 2.3 Teaching - Learning Process

2.3.1 Student centric methods, such as experiential learning, participative learning and problem-solving methodologies are used for enhancing learning experience and teachers use ICT- enabled tools including online resources for effective teaching and learning process

# ICT TOOLS- ICT AND ASSESSMENT TOOLS

# **ICT Enabled Tools**

The faculty members are leveraging ICT tools and Smart Classrooms to enhance teaching effectiveness. Classes are facilitated with LCD projectors and high-speed internet connectivity.

- 1. Virtual lab sessions were conducted utilizing various online editors like GNU Debugger (GDB), fostering critical thinking and application among learners.
- 2. PPT and PDF formats were employed to enhance learning effectiveness.
- 3. Kahoot, a game-based learning platform, is utilized in educational institutions for usergenerated multiple-choice quizzes accessible through web browsers or the Kahoot app.
- 4. Online quizzes were administered using platforms such as Kahoot and Google Forms, encouraging active participation and assessing learners' knowledge.
- 5. Google Classroom, a free blended learning platform by Google, simplifies the creation, distribution, and grading of assignments, aiming to streamline file sharing between teachers and students.
- 6. Quizizz, an Indian creativity software company headquartered in Bengaluru, offers a gamified student engagement platform utilized for class activities, group assignments, pre-test reviews, formative assessments, and pop quizzes.
- **7.** Edmodo serves as an educational website that adapts social network concepts for classroom use. Through Edmodo, students and teachers can connect, share ideas, address problems, and provide helpful tips.

The diverse range of assessment tools in ICT serves to evaluate various aspects of learning and proficiency, catering to the multidimensional nature of technology education and professional development. By leveraging these assessment tools effectively, educators promote meaningful learning experiences and ensure the acquisition of essential skills in ICT.
