

### **Key Indicator - 2.3 Teaching - Learning Process**

**2.3.1 Student centric methods, such as experiential learning, participative learning and problem-solving methodologies are used for enhancing learning experience and teachers use ICT- enabled tools including online resources for effective teaching and learning process**

#### **ICT Tools – Digital Hub**

The student-friendly campus is fully furnished with Information and Communications Technology tools to enable the students to get acquainted with modern-day technologies thereby blending chalk and talk teaching method with e-learning. In the current era of teaching, learning, and evaluation, ICT tools are vital.

Visual aids help to communicate better with the students, encouraging a conducive relationship between the student and teachers. Various E-contents developed by the faculty are available in the college website for anytime reference by the students.

All faculty members utilize ICT and Smart Classrooms to enhance teaching effectiveness, equipped with LCD projectors and high-speed internet connectivity.

1. Google Classroom is employed for managing and disseminating course-related information, including learning materials, quizzes, tests, and assignments. This platform facilitates a more convenient and flexible teaching-learning process, alleviating the teacher's workload while enhancing student learning outcomes.
2. Virtual lab sessions were held using various online editors like online GDB.
3. Virtual lab demonstrations were highly beneficial in prompting learners to think critically and apply their knowledge.
4. PowerPoint (PPT) and Portable Document Format (PDF) files were utilized to enhance learner effectiveness.
5. Online quizzes were administered through platforms like Kahoot and Google Forms, serving to evaluate learners' understanding and motivating enthusiastic participation.
