# Key Indicator - 2.3 Teaching - Learning Process

2.3.1 Student centric methods, such as experiential learning, participative learning and problem-solving methodologies are used for enhancing learning experience and teachers use ICT- enabled tools including online resources for effective teaching and learning process

#### **Experiential Learning - Role Play**

Role plays allow students to practice speaking in a conversational situation, build confidence and fluency, assess progress, and put learning into action. Taking part in a role play will teach students about the empathy and understanding of different perspectives. It provides students with real-world scenarios, allowing them to learn skills applicable to situations such as negotiation, debate, teamwork, cooperation, and persuasion.
