

**Key Indicator: 3.4 Research Publications and Awards**

**3.4.4 Number of books and chapters in edited volumes published per teacher during the last five years**

**Copy of the Cover page, content page and first page of the publications indicating ISBN number and year of publications for books/chapters**

<b>Total number of books and chapters in edited volumes Published</b>	<b>386</b>
<b>Number of full time teachers</b>	<b>232</b>

*Formula:*

**Number of books and chapters in edited volumes published per teacher =**

$$\frac{\text{Total number of books and chapters in edited volumes Published during the last five years}}{\text{Number of full time teachers (without repeat count) during the last five years}} = \frac{386}{232} = 1.66$$

**CRITERION III****BOOK AND CHAPTER PUBLICATIONS****3.4.4 Number of books and chapters in edited volumes published per teacher during the last five years**
