

**Key Indicator - 4.2 Library as a Learning Resource**

4.2.1 Library is automated with digital facilities using integrated Library Management System (ILMS), adequate subscriptions to e-resources and journals are made. The library is optimally used by the faculty and students

DEPARTMENT LIBRARY:

Department Library caters to the specific academic needs of a particular department or discipline. It houses a collection of books, journals, research papers and resources relevant to the subjects taught within that department. The department library provides students and faculty with easy access to materials directly related to their coursework, research interests and academic pursuits. It may also offer study spaces, computer terminals and facilities for group discussions and collaborations.
