

**Key Indicator - 4.3 IT Infrastructure****4.3.1 Institution frequently updates its IT facilities and provides sufficient bandwidth for internet connection****Computers**

Computer is an essential tool used for academic research, online learning, word processing, communication, data analysis, programming and administrative tasks. It enables students and faculty to access digital resources, collaborate with peers and instructors and create multimedia presentations. Computers also support virtual classrooms, and e-learning platforms, enhancing learning flexibility and accessibility. It is also used for administrative functions such as student enrollment, course management and financial operations.
