Key Indicator - 4.3 IT Infrastructure

4.3.3 Institution has dedicated audio visual centre, mixing equipment, editing facility, media studio, lecture capturing system(LCS) and related hardware and software for e-content development

Media Centre

This is a centre for multimedia resources, technology, and services catering to academic and creative pursuits. Students and faculty can access computers, printers, scanners, and multimedia editing software for creating e-contents. Media centres often offer support for media production, including video recording studios, green screens, and equipment loans. They play a crucial role in enhancing digital literacy, research capabilities, and multimedia skills among the college community.
