### REPORT

In the technological era to meet the industry expectation the student community should fulfil some of the prerequisites. Apart from the academic skills they should get job readiness skills. To inculcate the awareness and to empower the student community the Internal Quality Assurance Cell (IQAC) and the PG & Research Department of Computer Science, Department of Computer Applications, Department of Information Technology and Aspire For Her jointly organized an online orientation session for Google Career Certificate Scholarship Program on 24.06.2022 at 11.00AM to 12.30PM through ZOOM Online Meeting. The objective of the orientation program is bridging the education gap between the academia to industry.

The Principal Dr.V.Sujatha welcomed the chief guest & gatherings. Dr.S.Jayabharathi, Assistant professor, PG & Research Department of Microbiology introduced Ms.Reena Ravi, Chief Operating Office, Ko-Create Consulting, Mentor & Consultant of Aspire For Her. The Resource person Ms.Neeraja Ganesh Mentor & Consultant of Aspire For Her was introduced by Ms.Reena Ravi.

The Chief Guest Mrs. Neeraja Ganesh addressed the II and III year students on the intricacies of Google certification courses, employment and the need for employable skills to uplift them in the IT industry. She gave an overview of what kind of roles available in industry and how to develop additional skills to meet the industry expectation. She also explained about the flexible online training program to gain job-ready skills in high-growth, high-demand career fields such as IT Support, Project Management, Data Analytics and UX Design She closed her address by explaining us how the development of technical abilities could help to bridge the gap between academia and industry. Followed by that Ms.Reena Ravi, announced about the greater employability opportunities under privileged beneficiaries. She demonstrated how to apply for the scholarship program and what are eligibility criteria to be met. She insisted the eligible candidates to apply for the Google certification scholarship

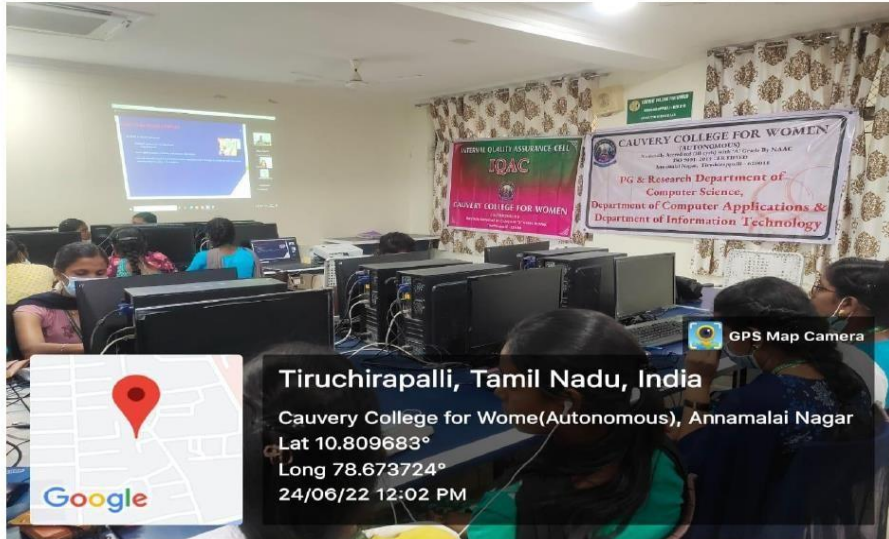

The session concluded with vote of thanks by Dr.R.Merlin Packiam, Associate Professor & Head, Department of Computer Applications, Cauvery College For Women(Autonomous) Trichy.

<b>Title of the program</b>	Promoting Women Sense of Self Worth
<b>Date</b>	27.08.2021

**Report of the Student Orientation Programme-promoting women sense of self worth**

The Internal Quality Assurance cell of Cauvery College for Women (Autonomous), Tiruchirappalli-18, Organized a Student Orientation Programme on “promoting women sense of self-worth” by Dr. Bhuvaneshwari subramanian, India trust Madurai on 27.08.2021. The welcome address given by Dr. G. Maheshwari, Head Dept of Physics and the Chief guest was introduced by Dr. Meenakshi, Associate Professor, dept of Physics. Madam has explained about the - woman is not dependent upon anyone else to make her feel good about herself, because she already knows she's fine just the way she is. She is confident and aware of her strengths and abilities. She wants to share them with others. This does not mean she is conceited. It will show others what you see in yourself, and what you expect from them. With self-worth comes confidence, esteem and personal growth. We are often our own worst critic, but by digging a little deeper and following these five tips, you'll be able to see all the good you bring into the world. Around 90 students from different departments got benefitted.

**Report on Student Orientation Programme – “Education is the Key to Women Empowerment”**

The Internal Quality Assurance cell and department of Business Administration of Cauvery College for Women (Autonomous), Tiruchirappalli-18, Organized a Student Orientation Programme on “Education is the Key to Women Empowerment” by Dr. s. Mohamed Mohideen, Assistant Professor & Head, MID, Jamal Mohamed College, Trichy on 25.09.2019. The welcome address given by Dr. B. Thamilselvi, Head of the Department and the Chief guest was introduced by Dr. Thamarai selvi, Associate professor, Department of Business Administration. Sir has explained about Education plays a critical role in Women's Economic Empowerment. It actually takes the center stage, but for long, most women especially in the rural areas have been denied this right and have been subjected to very degrading practices and responsibilities. Education empowers girls to achieve more in their social, career, economic and family lives. To women education can mean going to class or being trained on capacity building and skills development or better yet being mentored on very essential aspects. About 300 students from different departments got benefitted.

<b>Title of the program</b>	E-content Development using ICT Tools for MOOCs
<b>Date</b>	15.06.2022

**Report of the FDP- E-content development using ICT tools for MOOCs****REPORT**

To create information rich society and to attract the attention of the learners the E-content development is considered as the powerful tool for the education. The Internal Quality Assurance Cell (IQAC) and the PG & Research Department of Computer Science, Department of Computer Applications and Department of Information Technology organized a three days Faculty Development Programme on “*E-Content Development using ICT Tools for MOOCs*” held from 13.06.2022 to 15.06.2022 for all the teaching faculty from various department of the college. Dr.A.Vimal Jerald, Assistant professor, Department of Computer Science, St.Joseph’s College acted as a resource person for the three days FDP and he demonstrated about five types of E-content authoring tools. The objective of the FDP on **E-Content Development using ICT Tools for MOOCs** is to create a platform for learning the tools and technologies required for creating digital learning resources and to get trained with these technologies. It also aims to equip the educator with the information and the abilities necessary to meet the need of modern learners and their learning preferences.

**Day 1: 13.06.2022**

The FDP inaugural function commenced with a prayer song followed by Welcome address delivered by Dr.V.Sinthu Janita Prakash, Dean of Science & IQAC Co-ordinator, Professor & Head PG and Research Department of Computer Science. Dr.V.Sujatha, The Principal, Cauvery College for Women felicitated the gathering. The resource person was introduced by Dr.M.Parveen, Professor & Head, Department of Information Technology. In Day 1 program the resource person imparted the knowledge of fundamentals of E-content and explained the four quadrant Instructional design of MOOCs namely e-Tutorial, e-Content, Assignment, Discussion Forum. He demonstrated how to create a talking head video using ZOOM. He taught the basics of interactive Power Point presentations relevant to E-content.

**Day 2: 14.06.2022**

The Day 2 started with a Hands-on Session at CS LAB. He trained and motivated all the participants to make an E-content using ZOOM and Power Point. The participants enthusiastically created their own E-content with a lot of innovations. Then he gave an idea of Screen casting software such as FreeCam and ScreenCast-o-Matic tools. Using these tools the participants designed and developed several E-contents. The resource person assigned a set of tasks to the participants to create their interactive video lectures and sent it to him for review. The participants enthusiastically tried various methods and presented it for review.

**Report of the FDP-design and development-PO,PSO,CO-Mapping Rubrics, Attainment Methods**

The Internal Quality Assurance cell of Cauvery College for Women (Autonomous), Tiruchirappalli-18, Organized a Faculty Development Programme on “Outcome Based Education- Design and Development-PO,PSO,CO-Mapping Rubrics, Attainment Method” by DR.V.VIJAKUMAR Controller of examination, Sri Ramakrishna college, Coimbatore on 27.01.2022. The welcome address given by our Madam Principal Dr. V. Sujatha and the Chief guest was introduced by Ms. V. Ramya, Controller of Examinations. Sir has explained about the Outcome-Based Education (OBE) is a student-centric teaching and learning methodology in which the course delivery, assessment are planned to achieve stated objectives and outcomes.

1. Course is defined as a theory, practical or theory cum practical subject studied in a semester.
2. Course Outcome (CO) Course outcomes are statements that describe significant and essential learning that learners have achieved, and can reliably demonstrate at the end of a course.
3. Programme Outcomes (POs) Program outcomes are narrower statements that describe what students are expected to be able to do by the time of graduation. POs are expected to be aligned closely with Graduate Attributes.

**CRITERION VI**

**IQAC ACTIVITIES**

Program Educational Objectives (PEOs) The Programme Educational Objectives of a program are the statements that describe the expected achievements of graduates in their career, and also in particular, what the graduates are expected to perform and achieve during the first few years after graduation. 5. Programme Specific Outcomes (PSO) Programme Specific Outcomes are what the students should be able to do at the time of graduation with reference to a specific discipline. Usually there are two to four PSOs for a programme. Around 70 faculty from different departments got benefitted.

**Report on Student Orientation Programme – “Education is the Key to Women Empowerment”**

The Internal Quality Assurance cell and department of Business Administration of Cauvery College for Women (Autonomous), Tiruchirappalli-18, Organized a Student Orientation Programme on “Education is the Key to Women Empowerment” by Dr. s. Mohamed Mohideen, Assistant Professor & Head, MID, Jamal Mohamed College, Trichy on 25.09.2019. The welcome address given by Dr. B. Thamilselvi, Head of the Department and the Chief guest was introduced by Dr. Thamarai selvi, Associate professor, Department of Business Administration. Sir has explained about Education plays a critical role in Women's Economic Empowerment. It actually takes the center stage, but for long, most women especially in the rural areas have been denied this right and have been subjected to very degrading practices and responsibilities. Education empowers girls to achieve more in their social, career, economic and family lives. To women education can mean going to class or being trained on capacity building and skills development or better yet being mentored on very essential aspects. About 300 students from different departments got benefitted.

<b>Title of the program</b>	Innovative Curriculum Development to Achieve Outcome Based Education
<b>Date</b>	12.12.2019

**Report of the FDP-Innovative Curriculum Development to Achieve Outcome Based Education**

The Internal Quality Assurance cell of Cauvery College for Women (Autonomous), Tiruchirappalli-18, Organized a Faculty Development Programme on “Innovative Curriculum Development to Achieve Outcome Based Education” by Dr.K. Karunakaran, Principal & Secretary, Sri Ramakrishna College (Autonomous), Coimbatore on 12.12.2019. The welcome address given by our Madam Principal Dr. V. Sujatha and the Chief guest was introduced by Ms. V. Ramya IQAC Coordinator. Sir has explained about the main basis of OUTCOME-BASED EDUCATION is producing outputs rather than inputs. The learning process is student-centered rather than lecture-based as in the conventional approach. Based education means clearly focusing and organizing everything in an educational system around what is essential for all students to be able to do successfully at the end of their learning experiences. This means starting with a clear picture of what is important for students to be able to do, then organizing the curriculum, instruction and assessment to make sure this learning ultimately happens the premise of OUTCOME-BASED EDUCATION is what the students learn, whether students learn successfully is more important than when and how students learn. Around 60 faculty from different departments got benefitted.

**REPORT**

To create information rich society and to attract the attention of the learners the E-content development is considered as the powerful tool for the education. The Internal Quality Assurance Cell (IQAC) and the PG & Research Department of Computer Science, Department of Computer Applications and Department of Information Technology organized a three days Faculty Development Programme on “*E-Content Development using ICT Tools for MOOCs*” held from 13.06.2022 to 15.06.2022 for all the teaching faculty from various department of the college. Dr.A.Vimal Jerald, Assistant professor, Department of Computer Science, St.Joseph’s College acted as a resource person for the three days FDP and he demonstrated about five types of E-content authoring tools. The objective of the FDP on **E-Content Development using ICT Tools for MOOCs** is to create a platform for learning the tools and technologies required for creating digital learning resources and to get trained with these technologies. It also aims to equip the educator with the information and the abilities necessary to meet the need of modern learners and their learning preferences.

**Day 1: 13.06.2022**

The FDP inaugural function commenced with a prayer song followed by Welcome address delivered by Dr.V.Sinthu Janita Prakash, Dean of Science & IQAC Co-ordinator, Professor & Head PG and Research Department of Computer Science. Dr.V.Sujatha, The Principal, Cauvery College for Women felicitated the gathering. The resource person was introduced by Dr.M.Parveen, Professor & Head, Department of Information Technology. In Day 1 program the resource person imparted the knowledge of fundamentals of E-content and explained the four quadrant Instructional design of MOOCs namely e-Tutorial, e-Content, Assignment, Discussion Forum. He demonstrated how to create a talking head video using ZOOM. He taught the basics of interactive Power Point presentations relevant to E-content.

**Day 2: 14.06.2022**

The Day 2 started with a Hands-on Session at CS LAB. He trained and motivated all the participants to make an E-content using ZOOM and Power Point. The participants enthusiastically created their own E-content with a lot of innovations. Then he gave an idea of Screen casting software such as FreeCam and ScreenCast-o-Matic tools. Using these tools the participants designed and developed several E-contents. The resource person assigned a set of tasks to the participants to create their interactive video lectures and sent it to him for review. The participants enthusiastically tried various methods and presented it for review.

**CRITERION VI****IQAC ACTIVITIES****REPORT****FDP on Pen Tablet for Smart Teaching**

To make teaching learning effective with high quality and clarity especially during this pandemic, the Departments of Computer Science, Computer Applications and Information Technology collaborated with Internal Quality Assurance Cell (IQAC) of Cauvery College for Women, (Autonomous) by organizing a two day Faculty Development Programme on 'Pen Tablet for Smart Teaching' held on 17.12.2020 and 18.12.2020 for all the teaching faculty of various departments of the college. The teaching faculty of Computer Science, Computer Applications and Information Technology inculcated the usage of pen tablet to the beneficiaries.

The Management of the college took special care and concern to impart Hands on Training to the teachers on the usage of Pen Tablet for reaching the student community effectively through online teaching in the absence of blackboard-highlighting significant illustrations, diagrams, calculations etc.

The Principal of the college **Dr. Mrs. V. Sujatha** applauded the efforts of Computer Science, Computer Applications and Information Technology and urged the faculty of other departments, to delve deep and face the latest challenges in digital technology and create a fine pedagogy of novel ideas in teaching. The Heads of the Department **Dr. V. Sinthu Janita Prakashof** Computer Science, **Dr. M. Parveen** of Information Technology, **Dr. R. Merlin Packiam** of Computer Applications, **Ms. V. Ramya** IQAC Coordinator and Controller of Examinations, felt the need of Pen Tablet training to replace blackboard and share important details through the monitor screen especially for PPT, Seminars, Conferences, Interactive Sessions, Mathematical Calculations and so on for Online mode and blended learning. The beneficiaries were 220 teaching staff of all the departments held in six batches for each day being taught by trainers of Computer Science, Computer Applications and Information Technology. Theoretical sessions and Practical demos followed with interactive sessions were conducted for clarification and enhancement of teaching in this smart era.
