INTERNATIONAL MILLET YEAR 2023

In connection with the announcement made by the United Nations of Food and Agricultural Organisation as “International Millet Year 2023”, the Department of Food Service Management and Dietetics, Diet Counselling Cell and Internal Quality Assurance Cell conducted a Faculty Development Programme on “Millets for Healthy Life”. The programme was aimed at creating awareness on the benefits of millets. The programme was held at KRT Hall on 17/02/2023 from 12 to 1 pm.

The programme was attended by 32 non-teaching staff members (Faculty from Office, Library, Controller Section, Programmers, Lab Assistants) of Cauvery College for Women (Autonomous) Trichy. The lecture was delivered by Ms. S. Fathima and Ms. E. Agalya Assistant professor, and was followed by an interactive session, where participants had the opportunity to ask questions and clarify their doubts. The lecture provided an overview of the health benefits of millets and their nutritional value. It also highlighted the importance of millets in promoting food security and sustainability. Following the lecture, participants were served with Bajra flakes salad and Samai phirni, both of which were made using millets. This provided participants with the opportunity to experience the taste and nutritional value of millets. The feedback from the participants was overwhelmingly positive, with many expressing interests in incorporating millets into their daily diet.
