

Key Indicator - 4.1 Physical Facilities

4.1.1 The Institution has adequate infrastructure and other facilities for

- a. teaching – learning, viz., classrooms, laboratories, computing equipment etc**
- b. ICT – enabled facilities such as smart class, LMS etc.**
- c. Facilities for Cultural and sports activities, yoga centre, games (indoor and outdoor), Gymnasium, auditorium etc.**

ICT TOOLS

ICT Enabled Tools

The faculty members are leveraging ICT tools and Smart Classrooms to enhance teaching effectiveness. Classes are facilitated with LCD projectors and high-speed internet connectivity.

1. Virtual lab sessions were conducted utilizing various online editors like GNU Debugger (GDB), fostering critical thinking and application among learners.
2. PPT and PDF formats were employed to enhance learning effectiveness.
3. Kahoot, a game-based learning platform, is utilized in educational institutions for user-generated multiple-choice quizzes accessible through web browsers or the Kahoot app.
4. Online quizzes were administered using platforms such as Kahoot and Google Forms, encouraging active participation and assessing learners' knowledge.
5. Google Classroom, a free blended learning platform by Google, simplifies the creation, distribution, and grading of assignments, aiming to streamline file sharing between teachers and students.
6. Quizizz, an Indian creativity software company headquartered in Bengaluru, offers a gamified student engagement platform utilized for class activities, group assignments, pre-test reviews, formative assessments, and pop quizzes.
7. Edmodo serves as an educational website that adapts social network concepts for classroom use. Through Edmodo, students and teachers can connect, share ideas, address problems, and provide helpful tips.
