Report on Student Orientation Programme – “Education is the Key to Women Empowerment”

The Internal Quality Assurance cell and department of Business Administration of Cauvery College for Women (Autonomous), Tiruchirappalli-18, Organized a Student Orientation Programme on “Education is the Key to Women Empowerment” by Dr. s. Mohamed Mohideen, Assistant Professor & Head, MID, Jamal Mohamad College, Trichy on 25.09.2019. The welcome address given by Dr. B. Thamilselvi, Head of the Department and the Chief guest was introduced by Dr. Thamarai selvi, Associate professor, Department of Business Administration. Sir has explained about Education plays a critical role in Women's Economic Empowerment. It actually takes the center stage, but for long, most women especially in the rural areas have been denied this right and have been subjected to very degrading practices and responsibilities. Education empowers girls to achieve more in their social, career, economic and family lives. To women education can mean going to class or being trained on capacity building and skills development or better yet being mentored on very essential aspects. About 300 students from different departments got benefitted.
